Activities:

In February of this year the Committee was requested to render an opinion and draft language on an amendment that would permit Associate Members to be members of Special Interest Sections. After discussion with Francis Brillantine and reviewing various options for draft language, the Board decided to drop the amendment.

The Committee (me) also figured out how to upload information to the LLSDC website. This allowed the Committee to upload the LLSDC Annotated Bylaws, a project to note every change in the Bylaws since original passage.

The Committee also collected from various libraries copies of all the Bylaws as printed in the old LLSDC Membership Directories and uploaded them to the Bylaws Revision Committee webpage on the LLSDC website.
