COMMITTEE ACTION

HEARINGS

The Committee on Education and the Workforce, the Subcommittee on Education Reform, and the Subcommittee on 21st Century Competitiveness together have held 11 hearings both in and outside of Washington, D.C. during the 107th Congress to review and make determinations on reauthorizing the Elementary and Secondary Education Act. A list of all the hearings are as follows:

Full Committee Hearings

1. March 1, 2001, "State Leadership in Education Reform."
2. March 7, 2001, "Leave No Child Behind."
3. March 28, 2001, "No Child Left Behind."
4. March 29, 2001, "Transforming the Federal Role in Education for the 21st Century."

Field hearings

1. February 16, 2001, "Flexibility, Accountability, and Quality Education" in Bradenton, Florida.

A single history for a complex law can take a researcher a week or more to compile

CBO previously prepared an estimate of a similar bill, H.R. 5223, as ordered reported by the House Committee on Agriculture on June 21, 1984. We estimated savings to the federal government to be less than \$500,000 in each fiscal year, based on 1978 FSIS data. The current estimate is based on a survey recently completed by FSIS.

LEGISLATIVE HISTORY AND OVERSIGHT STATEMENT

On May 26, 1983, the Subcommittee on Public Lands and National Parks held a hearing in Washington, D.C. on H.R. 2452 and H.R. 2917 in which 22 witnesses testified. On September 13, 1984, the Senate bill, S. 2125 was favorably reported to the Committee on Interior and Insular Affairs by voice vote.

civil enforcement authority, and a number of other statutory provisions. (In June 1984 Congressman Wiley introduced H.R. 5739 on behalf of the Bank Board; S. 2700 is the companion bill in the Senate.)

Grove City v. Bell
Title IX of the Education Amendments of 1972 proscribes gender discrimination in education programs and activities receiving Federal assistance. But does the Department of Education have the right to enforce Title IX in cases where a college receives no direct funds from the Federal government, but the students at the college receive Federal grants? A quote from the Congressional Record provides the answer.

Birch Bayh is specific:
"We are cutting off all aid..."

Mr. DOMINICK. What type of aid the recipient might be getting would be cut off? Let us suppose, for example, that they have guaranteed loans for construction. Let us suppose that they have research grants under the NIH. Let us suppose that they are doing graduate work in some programs authorized by the Defense Department. Just what type of aid are we cutting off here?

Mr. BAYH. We are cutting off all aid that comes through the Department of Health, Education, and Welfare, and as to the specific ones, the Senator has mentioned, I think they would all be included with the exception of research grants made through other departments such as the Department of Defense.

Mr. DOMINICK. The Senator is talking about every program under HEW?

Mr. CONTE. Mr. Chairman, I move to strike the last word.

Mr. Chairman, the honorable gentleman from Rhode Island [Mr. MACHTELEY] has offered an amendment to terminate funding for the SETI program of NASA. SETI [search for extraterrestrial intelligence] is, quite simply, an effort to locate space aliens.

Mr. Chairman, at a time when good people of America can't find affordable housing, we shouldn't be spending precious dollars to look for little green men with misshapen heads.
